Omegro Expands Hospitality Presence with Acquisition of Spa Guru

Johannesburg, South Africa, 04 March 2025 – [Omegro](#), a portfolio within [Volaris Group](#) which includes Adapt IT Holdings Pty Ltd (“Adapt IT”), today announced the acquisition of [Spa Guru](#), a South African-based hospitality software company. This acquisition shows Omegro’s commitment to expanding its footprint in the hospitality sector

Spa Guru specialises in simplified software for spas and salons, streamlining business operations such as appointments, bookings, marketing, and billing. The company serves over 260 clients across 33 countries globally and boasts a strong market penetration in South Africa. Its solutions are trusted by leading brands in the hospitality sector.

Following the acquisition, Spa Guru will operate under [Micros South Africa](#), the hospitality business within Adapt IT.

“Micros is delighted to be the new, permanent home for Spa Guru’s global clients”, says Reginald Sibeko, Managing Director of Micros South Africa. “With our expertise, resources, and commitment to innovation, we aim to elevate the Spa Guru experience for both clients and their customers. This acquisition enhances our hospitality software ecosystem, providing clients with innovative solutions, superior technological support, and a seamless service experience”.

“Joining Micros South Africa marks an exciting new chapter for Spa Guru, aligning with an industry leader in specialised hospitality software and digital solutions,” says Gary Halberstadt, Founder and Director of Spa Guru. “Our goal with this acquisition was long-term sustainability and continued growth. The combined industry experience and technical expertise of Micros and Omegro can help make that happen.”

“I am confident that being part of a larger portfolio will help ensure our solutions remain trusted and competitive, both locally and internationally. This acquisition provides a secure and permanent home for our employees and a strong foundation for our existing clients to continue growing,” adds Halberstadt.

“As a people-first organisation, we acquire and grow software companies that are looking for a stable, long-term home to continue their legacy. We never sell the companies we acquire,” says Tiffany Dunsdon, Acquiring Group Leader for Middle East and Africa at Omegro. “Our promise to founders and operators such as Spa Guru is that we provide resources to support long-term sustainable growth for their people and their business to deliver real value to their clients.”

About Omegro

Omegro, a portfolio within Volaris, one of [Constellation Software Inc's \(TSX:CSU\)](#) six autonomous operating groups, is a people first, buy and hold acquirer of software companies looking for a permanent and safe home to continue their legacy and provide long-term sustainable growth for their people, their business and their stakeholders.
